

Eco Classroom Checklist - Term:

	M	T	W	Th	F
Is recycling in the blue bin?					
Is snack waste in the compost bin?					
Are lights turned off whenever possible?					
Is the interactive whiteboard turned off whenever possible?					
Are all other electrical items (such as computers, iPads, chrome books, beebots...) turned off when not in use & only charged when necessary?					
Are the radiators turned off if heating is not needed?					
Are the windows shut when the heating is on?					
Are the taps turned off?					

It is the Eco Councillor's responsibility to monitor their classes Eco awareness by tallying the checklist everyday each week over the term & then reporting back at the next Eco Council meeting.
